INDEX TO VOLUME 1

A

A-B-O groups of Landsteiner, incompatibility of mother and foetus with regard to (J. A. H. Waterhouse and L. Hogben), 1
Aetiology of stillbirths and infant deaths in county boroughs of England and Wales (Barnet Woolf), 73
Age and wastage in industrial populations. I. Age and incidence (Richard Padley), 213
Alimentary tract, defects recorded in school medical inspections (I. Gordon), 240
Allergy discovered in school medical inspection (I. Gordon), 241
Allied troops in Italy, epidemiology of infective hepatitis among (P. L. McKinlay and S. C. Truelove), 33
Anaemia in substandard recruits (R. A. M. Case), 65
Antibody, incompatibility of mother and foetus with respect to the iso-agglutinogen A and its (J. A. H. Waterhouse and L. Hogben), 1
Anxiety state, case distribution and age-incidence (L. Hogben and M. M. Johnstone), 150
Appendicitis, relation of age to, in industrial populations (Richard Padley), 223
Army officers, mental illness among (W. W. Roberts and J. N. P. Moore), 135
Army physical development centre, a study of the haematology of 663 substandard recruits under training at an (R. A. M. Case), 51
Army population, relation of morbidity to age in an (L. Hogben and M. M. Johnstone), 149
Arsenicals and the syphilitic process (S. C. Truelove and L. Hogben), 23

B

Beck, I. Flora (and Frances V. Gardner and L. J. Witts): Social Service for a medical ward, 197
Birmingham, stillbirths and infant deaths, 1928-38 (Barnet Woolf), 98
Birth rank, influence of, and Rh antigen (J. A. H. Waterhouse and L. Hogben), 13
Blood transfusion, a documentary study of jaundice associated with syphilis treatment and (S. C. Truelove and L. Hogben), 18
Bronchitis, age-incidence of chronic (L. Hogben and M. M. Johnstone), 158
Bronchitis, and infant mortality (Barnet Woolf), 107

C

Calories, in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 186, 190
Canadian troops, infective hepatitis among (P. L. McKinlay and S. C. Truelove), 43
Carbohydrate in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 189, 192
Case, R. A. M.: A study of the haematology of 663 substandard recruits under training at an Army physical development centre, 51
Catarrh, pulmonary, in schoolchildren (I. Gordon), 243
Circumcisions in schoolchildren (I. Gordon), 240
Convalescence, of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 202
County boroughs of England and Wales, stillbirths and infant deaths in (Barnet Woolf), 73
Cruickshank, E. W. H. (and C. P. Stewart): Dietaries in maternity hospitals, 182

D

Density of population, and infant mortality (Barnet Woolf), 90
Dental disease in schoolchildren (I. Gordon), 240
Developmental errors in schoolchildren (I. Gordon), 241
Dietaries in maternity hospitals (E. W. H. Cruickshank and C. P. Stewart), 182
Diphtheria, age-incidence (L. Hogben and M. M. Johnstone), 166
Disease and injury, relative contributions of, in wastage in industrial populations (Richard Padley), 213
Doctors, mental illness in, in the Army (W. W. Roberts and J. N. P. Moore), 146
Documentary study of jaundice associated with syphilis treatment and blood transfusion (S. C. Truelove and L. Hogben), 18
Domestic problems of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 201
Dysentery, amoebic, age-incidence (L. Hogben and M. M. Johnstone), 166

E

Ear, nose, and throat defects in schoolchildren (I. Gordon), 241
Educationally subnormal children (I. Gordon), 242
Employment, and hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 200

INDEX TO VOLUME 1

A

A-B-O groups of Landsteiner, incompatibility of mother and foetus with regard to (J. A. H. Waterhouse and L. Hogben), 1
Aetiology of stillbirths and infant deaths in county boroughs of England and Wales (Barnet Woolf), 73
Age and wastage in industrial populations. I. Age and incidence (Richard Padley), 213
Alimentary tract, defects recorded in school medical inspections (I. Gordon), 240
Allergy discovered in school medical inspection (I. Gordon), 241
Allied troops in Italy, epidemiology of infective hepatitis among (P. L. McKinlay and S. C. Truelove), 33
Anaemia in substandard recruits (R. A. M. Case), 65
Antibody, incompatibility of mother and foetus with respect to the iso-agglutinogen A and its (J. A. H. Waterhouse and L. Hogben), 1
Anxiety state, case distribution and age-incidence (L. Hogben and M. M. Johnstone), 150
Appendicitis, relation of age to, in industrial populations (Richard Padley), 223
Army officers, mental illness among (W. W. Roberts and J. N. P. Moore), 135
Army physical development centre, a study of the haematology of 663 substandard recruits under training at an (R. A. M. Case), 51
Army population, relation of morbidity to age in an (L. Hogben and M. M. Johnstone), 149
Arsenicals and the syphilitic process (S. C. Truelove and L. Hogben), 23

B

Beck, I. Flora (and Frances V. Gardner and L. J. Witts): Social Service for a medical ward, 197
Birmingham, stillbirths and infant deaths, 1928-38 (Barnet Woolf), 98
Birth rank, influence of, and Rh antigen (J. A. H. Waterhouse and L. Hogben), 13
Blood transfusion, a documentary study of jaundice associated with syphilis treatment and (S. C. Truelove and L. Hogben), 18
Bronchitis, age-incidence of chronic (L. Hogben and M. M. Johnstone), 158
Bronchitis, and infant mortality (Barnet Woolf), 107

C

Calories, in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 186, 190
Canadian troops, infective hepatitis among (P. L. McKinlay and S. C. Truelove), 43
Carbohydrate in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 189, 192
Case, R. A. M.: A study of the haematology of 663 substandard recruits under training at an Army physical development centre, 51
Catarrh, pulmonary, in schoolchildren (I. Gordon), 243
Circumcisions in schoolchildren (I. Gordon), 240
Convalescence, of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 202
County boroughs of England and Wales, stillbirths and infant deaths in (Barnet Woolf), 73
Cruickshank, E. W. H. (and C. P. Stewart): Dietaries in maternity hospitals, 182

D

Density of population, and infant mortality (Barnet Woolf), 90
Dental disease in schoolchildren (I. Gordon), 240
Developmental errors in schoolchildren (I. Gordon), 241
Dietaries in maternity hospitals (E. W. H. Cruickshank and C. P. Stewart), 182
Diphtheria, age-incidence (L. Hogben and M. M. Johnstone), 166
Disease and injury, relative contributions of, in wastage in industrial populations (Richard Padley), 213
Doctors, mental illness in, in the Army (W. W. Roberts and J. N. P. Moore), 146
Documentary study of jaundice associated with syphilis treatment and blood transfusion (S. C. Truelove and L. Hogben), 18
Domestic problems of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 201
Dysentery, amoebic, age-incidence (L. Hogben and M. M. Johnstone), 166

E

Ear, nose, and throat defects in schoolchildren (I. Gordon), 241
Educationally subnormal children (I. Gordon), 242
Employment, and hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 200

England and Wales, stillbirths and infant deaths in (Barnet Woolf), 73
Epidemiology of infective hepatitis among allied troops in Italy (P. L. McKinlay and S. C. Truelove), 33
Ethnography, medical, of the second world war (L. Hogben, M. M. Johnstone, and D. Mullings), 251
Eye defects in children (I. Gordon), 242

F

Family, size of, and infant mortality (Barnet Woolf), 89
Fat, in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 189, 191
Ferrous sulphate administered to anaemic recruits (R. A. M. Case), 65
Financial problems, of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 199
Foetus, incompatibility of mother and, with respect to the iso-agglutinogen A and its antibody (J. A. H. Waterhouse and L. Hogben), 1
Fractures, relation of age to, in industrial populations (Richard Padley), 231

G

GARDNER, Frances (and I. Flora Beck and L. J. Witts): Social service for a medical ward, 197
GORDON, I.: School medical inspections, their value and limitations, 238

H

Haematology of 663 substandard recruits under training at an Army physical development centre (R. A. M. Case), 51
Haemolytic disease of the newborn (J. A. H. Waterhouse and L. Hogben), 1
Hepatitis, epidemiology of infective, among allied troops in Italy (P. L. McKinlay and S. C. Truelove), 33
Hepatitis, infective, age incidence (L. Hogben and M. M. Johnstone), 167
HOGBEN, L. (and S. C. Truelove): A documentary study of jaundice associated with syphilis treatment and blood transfusion, 18
HOGBEN, L. (and J. A. H. Waterhouse): Incompatibility of mother and foetus with respect to the iso-agglutinogen A and its antibody, 1
HOGBEN, L. (and Muriel M. Johnstone and Diana Mullings): Medical ethnography of the second world war, 251
HOGBEN, L. (and Muriel M. Johnstone): The relation of morbidity to age in an Army population, 149
HOGBEN, L.: Risk of jaundice following transfusion with pooled plasma or serum, 209
Hospital meals (E. W. H. Cruickshank and C. P. Stewart), 182
Hospitals, social service in (I. Flora Beck, F. V. Gardner, and L. J. Witts), 197
Hospitalization, duration of, in relation to age (L. Hogben and M. M. Johnstone), 153; relation of age to admissions, 163, 175

I

Icterogenic agent of serum hepatitis, nature of (S. C. Truelove and L. Hogben), 28
Immunity, significance of age in relation to (L. Hogben and M. M. Johnstone), 178
Incompatibility of mother and foetus with respect to the iso-agglutinogen A and its antibody (J. A. H. Waterhouse and L. Hogben), 1
Indices of social conditions (Barnet Woolf), 89
Industrial populations, studies on age and wastage in (Richard Padley), 213
Infant mortality, studies on (Barnet Woolf), 73
Infectious diseases, and infant mortality (Barnet Woolf), 107
Infective hepatitis among allied troops in Italy (P. L. McKinlay and S. C. Truelove), 33
Influenza, relation of age to, in industrial populations (Richard Padley), 225
Injury and disease, relative contributions of, in wastage in industrial populations (Richard Padley), 217
Institutional care of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 203
Iso-agglutinogen A and its antibody, incompatibility of mother and foetus with respect to the (J. A. H. Waterhouse and L. Hogben), 1
Italy, epidemiology of infective hepatitis among allied troops in (P. L. McKinlay and S. C. Truelove), 33
Italy and Sicily, morbidity and mortality statistics in Army in (L. Hogben, M. M. Johnstone, and D. Mullings), 268

J

Jaundice, age-incidence (L. Hogben and M. M. Johnstone), 167
Jaundice, a documentary study of, associated with syphilis treatment and blood transfusion (S. C. Truelove and L. Hogben), 18
Jaundice, risk of, following transfusion with pooled plasma or serum (L. Hogben), 209
Jaundice, among syphilitics (P. L. McKinlay and S. C. Truelove), 46
JOHNSTONE, Muriel M. (and Lancelot Hogben and Diana Mullings): Medical ethnography of the second world war, 251
JOHNSTONE, Muriel M. (and L. Hogben): The relation of morbidity to age in an army population, 149

L

Landsteiner's A-B-O groups, incompatibility of mother and foetus with regard to (J. A. H. Waterhouse and L. Hogben), 1
Levine's theory of pathogenesis of haemolytic disease of the newborn (J. A. H. Waterhouse and L. Hogben), 2

M

Major medical conditions in schoolchildren (I. Gordon), 245
Major surgery in schoolchildren (I. Gordon), 245
Malignant neoplasms, relation of age to, in industrial populations (Richard Padley), 226
Malignant neoplasms, age-incidence (L. Hogben and M. M. Johnstone), 158
Manic depressive states, age-incidence (L. Hogben and M. M. Johnstone), 159
Maternity hospitals, dietaries in (E. W. H. Cruickshank and C. P. Stewart), 182
MCKINLAY, P. L. (and S. C. Truelove): Epidemiology of infective hepatitis among allied troops in Italy, 33
Medical discharge from Army, in relation to age (L. Hogben and M. M. Johnstone), 155
Medical ethnography of the second world war (L. Hogben, M. M. Johnstone, and D. Mullings), 251
Medical ward, social service for (I. Flora Beck, F. V. Gardner, and L. J. Witts), 197
Mental illness among Army officers (W. W. Roberts and J. N. P. Moore), 135
Middle East, Army morbidity and mortality statistics (L. Hogben, M. M. Johnstone, and D. Mullings), 262
Middle East, relation of age to hospital admissions in (L. Hogben and M. M. Johnstone), 175
Milk, in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 195
Minerals, in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 189, 192
MOORE, J. N. P. (and W. W. Roberts): Mental illness among Army officers, 135
Morbidity to age, relation of, in an Army population (L. Hogben and M. M. Johnstone), 149
Mortality, infant (Barnet Woolf), 73
Mortality, occupational (I. Sutherland), 126
Mother and foetus, incompatibility of, with respect to the iso-agglutinogen A and its antibody (J. A. H. Waterhouse and L. Hogben), 1
Mother, parity and age of, in infant mortality (Barnet Woolf), 102
MULLINGS, Diana (and Lancelot Hogben and Muriel M. Johnstone): Medical ethnography of the second world war, 251

N

New Zealand troops, infective hepatitis among (P. L. McKinlay and S. C. Truelove), 34
Neurological disorders in schoolchildren (I. Gordon), 242
Nutrition diseases in schoolchildren (I. Gordon), 242

O

Occupational incidence, of mental illness among Army officers (W. W. Roberts and J. N. P. Moore), 138
Occupational mortality in the social classes (I. Sutherland), 126

P

PADLEY, Richard: Studies on age and wastage in industrial populations, 213
Personal problems, of hospital patients (I. Flora Beck, F. V. Gardner, and L. J. Witts), 201
Physical development centre, a study of the haematology of 663 substandard recruits under training at an Army (R. A. M. Case), 51
Pneumonia, and infant mortality (Barnet Woolf), 107
Population, density of, and infant mortality (Barnet Woolf), 90
Postural defects in schoolchildren (I. Gordon), 243
Protein in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 186, 190
Psychological disorders in schoolchildren (I. Gordon), 243

R

Recruits, a study of the haematology of 663 substandard (R. A. M. Case), 51
Relation of morbidity to age in an Army population (L. Hogben and M. M. Johnstone), 149
Rheumatism manifestations in schoolchildren (I. Gordon), 243
ROBERTS, W. W. (and J. N. P. Moore): Mental illness among Army officers, 135

S

Schizophrenia, age-incidence (L. Hogben and M. M. Johnstone), 159
Schizophrenia, in Army officers (W. W. Roberts and J. N. P. Moore), 144
School medical inspections, their value and limitations (I. Gordon), 238
Serum, risk of jaundice following transfusion with pooled (L. Hogben), 209
Serum hepatitis, icterogenic agent and (S. C. Truelove and L. Hogben), 28
Sex organs, defects in schoolchildren (I. Gordon), 244
Siderocytes in substandard recruits (R. A. M. Case), 63
Skeletal defects in schoolchildren (I. Gordon), 243
Skin diseases in schoolchildren (I. Gordon), 244
Social aetiology of stillbirths and infant deaths in county boroughs of England and Wales (Barnet Woolf), 73
Social classes, variations in occupational mortality between and within the (I. Sutherland), 126
Social service for a medical ward (I. Flora Beck, F. V. Gardner, and L. J. Witts), 197
South East Asia, Army morbidity and mortality statistics (L. Hogben, M. M. Johnstone, and D. Mullings), 269
Speech defects in schoolchildren (I. Gordon), 245
STEWART, C. P. (and E. W. H. Cruickshank): Dietaries in maternity hospitals, 182
Stillbirths and infant deaths in county boroughs of England and Wales (Barnet Woolf), 73
Studies on age and wastage in industrial populations. I. Age and incidence (Richard Padley), 213
Studies on infant mortality (Barnet Woolf), 73
Study of the haematology of 663 substandard recruits under training at an Army physical development centre (R. A. M. Case), 51
SUTHERLAND, Ian: Variations in occupational mortality between and within the social classes, 126
Syphilis treatment and blood transfusion, a documentary study of jaundice associated with (S. C. Truelove and L. Hogben), 18

T

Tongue abnormalities in schoolchildren (I. Gordon), 245
Tonsillectomies in schoolchildren (I. Gordon), 240
Transfusion with pooled plasma or serum, risk of jaundice following (L. Hogben), 209
Transport to and from hospital (I. Flora Beck, F. V. Gardner, and L. J. Witts), 203
Trauma in schoolchildren (I. Gordon), 245
TRUELOVE, S. C. (and L. Hogben): A documentary study of jaundice associated with syphilis treatment and blood transfusion, 18
TRUELOVE, S. C. (and P. L. McKinlay): Epidemiology of infective hepatitis among allied troops in Italy, 33
Tuberculosis, age-incidence (L. Hogben and M. M. Johnstone), 158
Tuberculosis, pulmonary, age-incidence in industrial populations (Richard Padley), 227
Tuberculosis in schoolchildren (I. Gordon), 245

U

Ulcers, case distribution and age-incidence of duodenal and gastric (L. Hogben and M. M. Johnstone), 150, 159

V

Variations in occupational mortality between and within the social classes (I. Sutherland), 126
Veins, abnormalities in schoolchildren (I. Gordon), 245
Vitamins in maternity hospital diets (E. W. H. Cruickshank and C. P. Stewart), 186

W

War, medical ethnography of the second world (L. Hogben, M. M. Johnstone, and D. Mullings), 251
War, stillbirths and infant mortality during the second world (Barnet Woolf), 114
WATERHOUSE, J. A. H. (and L. Hogben): Incompatibility of mother and foetus with respect to the iso-agglutinogen A and its antibody, 1
West Africa, army morbidity and mortality statistics (L. Hogben, M. M. Johnstone, and D. Mullings), 254
WITTS, L. J. (and I. Flora Beck and Frances V. Gardner): Social service for a medical ward, 197
WOOLF, Barnet: Studies on infant mortality, 73
